# CONFERENCE ANNOUNCEMENT

**In 2005, the 27th Annual Conference of the International Society of Parametric Analysts (ISPA) and the 15th Annual Conference of the Society of Cost Estimating and Analysis (SCEA) will combine to bring the cost community together in Denver, Colorado.** *Following the highly successful format established in 2003's joint conference in Orlando, Florida the conference sessions will include: Keynote Speakers, Informative Workshops, Training, Innovative Panel Sessions, and Exciting Vendor Exhibits. Conference speakers will be chosen from both industry and government.*

### WORKSHOP PRESENTATIONS

**We are anticipating 60 plus professional workshop presentations.** *Tracks will include: Cost Estimating; Risks; Methodology and Models; Acquisition Reform; Software; Information Systems; Earned Value Management; Applications; and CAIV.*

### THE TRAINING PROGRAMS

**The Joint 2005 Conference will feature the acclaimed SCEA Training Program, Mastering the Core of Knowledge, and highly popular ISPA Parametric Cost Estimating Review Training.**

**Mastering the Core of Knowledge**, will be taught by outstanding academicians and successful practitioners who will review the basics and the latest state-of-the-art of cost estimating and analysis. Also included will be Earned Value Management and Parametrics in the estimating challenge. Continuing Education Units (CEUs) approved by IACET are awarded for each course attended. This program is also of particular value for individuals planning on sitting for the Certified Cost Estimator/Analyst Examination. The popular eleven session **Parametric Cost Estimating Review** is based on the authoritative Parametric Cost Estimating Handbook. The review provides a comprehensive overview of the processes, data requirements, tools, and the US Government regulations associated with the parametric cost estimating profession. Attending the training course is encouraged for those individuals intending to sit for the Certified Parametric Practitioner CPP examination being offered. Each session is taught by a successful practitioner.

### PANEL DISCUSSION

**After Wednesday's opening session and keynote speaker there will be a panel discussion.** *The panel will consist of experts and practitioners who will discuss a topic of current interest to be selected from among a list of contemporary initiatives of interest to our attendees. Audience questions are encouraged.*

**PLEASE ADDRESS ALL CORRESPONDENCE TO THE CONFERENCE CHAIRS:**
